Setting up wireless network

Prior to setting up the wireless network the old settings on the device needs to be purged.

There are two locations where the old password would be stored.

Removing wireless Profile from IOS Device where applicable

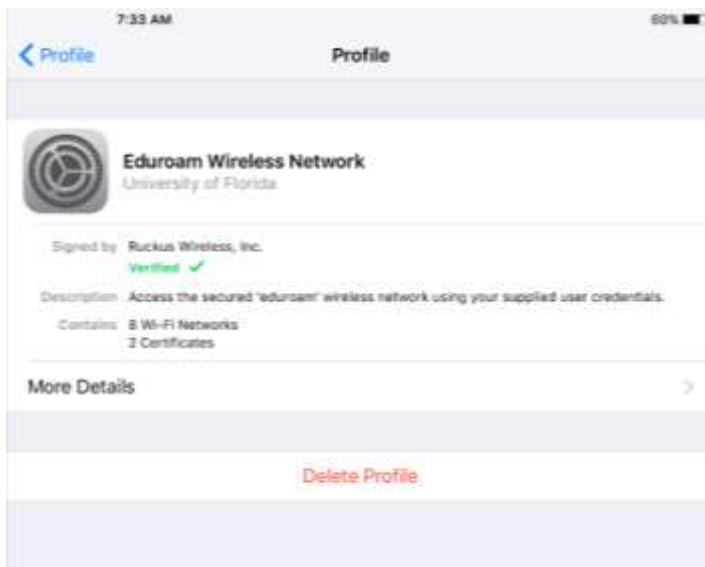

- 1 Tap on Settings, General, Profile (if exists) and select the **eduroam** wireless network.
If you are using 'uf' network then check for "UF Wireless Network" Profile to remove

2 Tap on eduroam Wireless Network

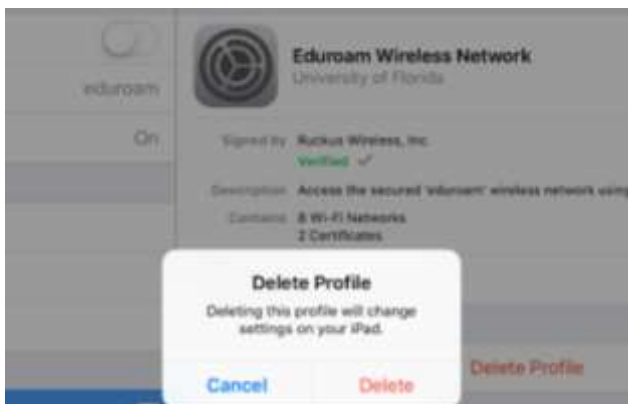

3 Tap Delete Profile

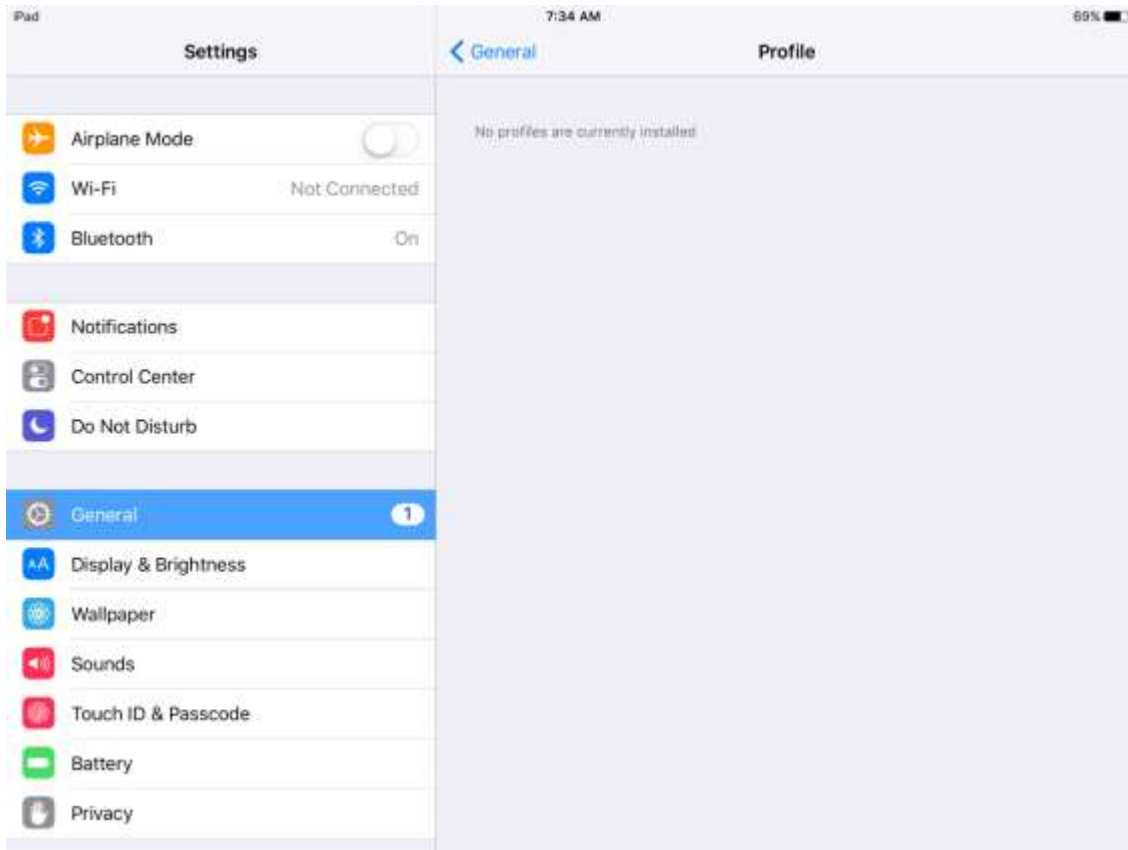

4 Enter Passcode (if prompted)

5 Confirm Profile Deletion by tapping on **Delete**

6 Verify that there is no eduroam Wireless Profile or UF Wireless Profile

7 Go to “Forgetting the wireless network” instructions to clear additional stored settings

Forgetting the wireless network from IOS Device where applicable

1 Open Settings, Wi-Fi menu and tap on the **i** icon next to 'uf' or 'eduroam'

Or

2 Tap on **Forget This Network**

3 Click on **Forget** at the Verification Pop-up

4 Verify that Wi-Fi is reporting "**Not Connected**" and go to setup instruction.

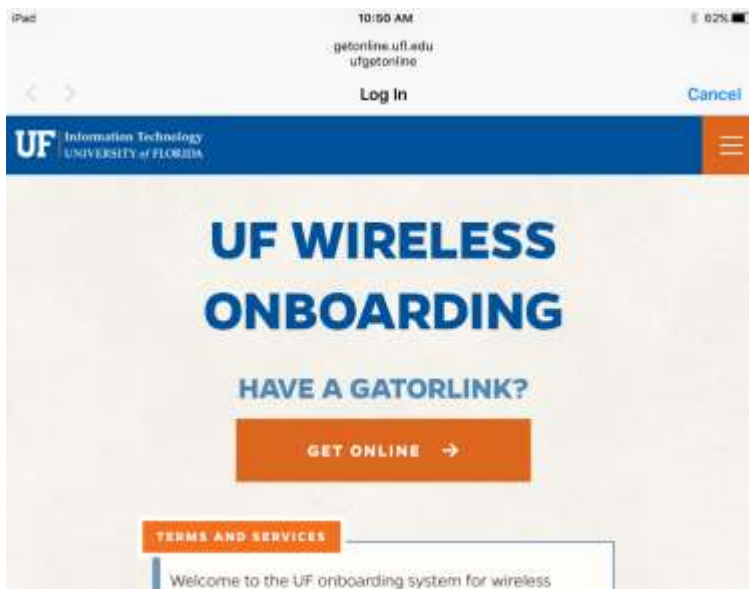

Manually setup eduroam network

1 Selects **Settings**, **Wi-Fi**, and choose **ufgetonline** Wi-Fi network to connect

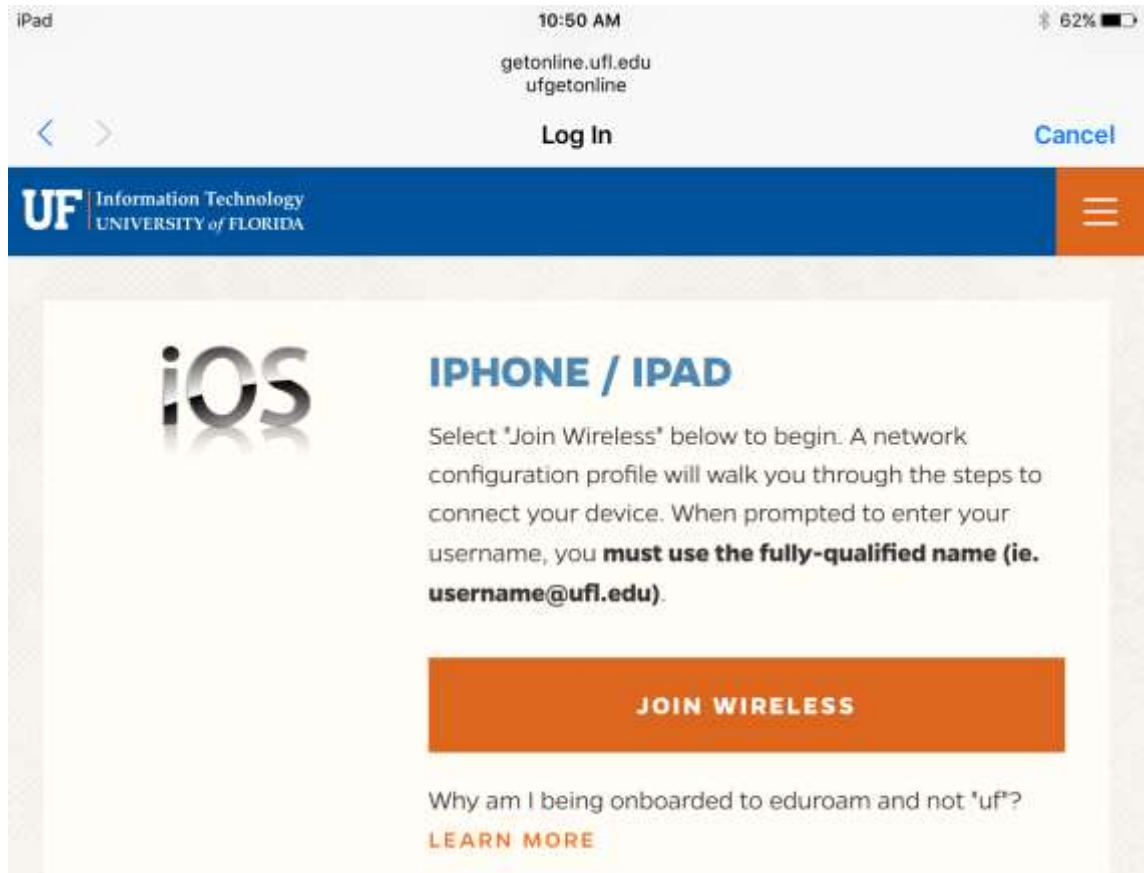

2 Tap on **Get Online** →

3

Tap on **JOIN WIRELESS**

4

Tap on **Install**

5

Enter Passcode

6

Tap **Install**

7

Tap **Install**

8

Enter Username in the format of username@ufl.edu

A screenshot of an iOS-style dialog box titled "Enter Username". At the top, there are three buttons: "Cancel" on the left, "Enter Username" in the center, and "Next" on the right. Below the title bar, the text reads "ENTER YOUR USERNAME FOR THE WI-FI NETWORK 'EDUROAM'". Underneath is a text input field with a vertical cursor. At the bottom, it says "Requested by the 'Eduroam Wireless Network' profile."

9

Enter password

A screenshot of an iOS-style dialog box titled "Enter Password". At the top, there are three buttons: "Cancel" on the left, "Enter Password" in the center, and "Next" on the right. Below the title bar, the text reads "ENTER YOUR PASSWORD FOR THE WI-FI NETWORK 'EDUROAM'". Underneath is a text input field with a vertical cursor. At the bottom, it says "Requested by the 'Eduroam Wireless Network' profile."

10

Tap on **Done**

A screenshot of an iOS-style dialog box titled "Profile Installed". At the top right, there is a "Done" button. Below the title bar, there is a circular icon representing the University of Florida. To the right of the icon, the text reads "Eduroam Wireless Network" and "University of Florida". Below this, it says "Signed by Ruckus Wireless, Inc." followed by "Verified" with a green checkmark. At the bottom, it says "Description Access the secured 'eduroam' wireless network using your supplied user".

11 Close the Settings by clicking on the **Home** button on your device and start using the Internet!
